

CRITICAL INFORMATION SUMMARY

INFORMATION ABOUT THE SERVICE

UCOM GO+ Phone is a complete out-of-the-box solution that delivers full business PBX functionality via the IP phone and/or the Softphone App. It is a combination of a hosted PBX service, a business grade SIP Trunk, an IP phone and a softphone app. It delivers business PBX functionality and allows you to make, receive and manage phone calls by connecting the IP phone or the Softphone App to a suitable broadband internet service. The monthly fee includes a hosted PBX user licence, a multi channel SIP trunk, a softphone app user licence, an AU phone number, an IP phone, and access to a wide range of enterprise-grade hosted PBX features and functions. Calls are free between users on the same system.

This service is not appropriate if you require an uninterrupted phone service with access to 000 emergency services and will not function in the event of a power failure.

HARDWARE and INSTALLATION REQUIREMENTS

You will be supplied with a pre-configured IP phone. An internet service with minimum 100/100 Kbps per concurrent call is required to operate the service. Additional configuration of your network and routers may be required and is not included. The service may not be compatible with certain routers. Please contact our Customer Care Team to check hardware and network compatibility.
